Photography and video paper consent form

Parent/carer version

You can give and review your photography and video consent at any time through the Arbor Parent App. Use this paper form if you need an accessible alternative, and if you are a parent or carer giving or updating consent for your child's photos and/or videos.

We may take photographs or videos of pupils for educational, celebratory, communication and promotional purposes, in line with our Photography and Video Policy, which you can find on our school website. We will only use photos if you complete this form and give consent, and we will do our best to follow your preferences.

Parent/carer and child details

Parent/carer name	
Parent/carer contact email or number	
Child name	
Year group/class	

Photography and video preferences – please circle your preference

Use of video and photography inside the school		
I consent to photographs and video recordings of my child being used within the school. For example, in classroom displays, internal newsletters, secure learning platforms, school communications and internal celebration displays.	Yes	No
Use of video and photography inside and outside the school		
I consent to photographs and video recordings of my child being used for the educational benefit of their peers. For example, photos and videos of my child may be shared on other children's Earwig timelines where relevant (e.g. to demonstrate social interaction with a peer), on AAC devices (e.g. to support a peer to talk about the children in their class), and in the annual transition book, to introduce my child to the children who will be in their class the following year.	Yes	No
I consent to photographs and video recordings of my child being securely stored and used for historical record-keeping, alumni engagement and wider social value. A selection of photos and videos of my child may be kept to preserve the history of the school, to record the lived experience of children with disabilities for future generations, or to support alumni engagement.	Yes	No
Use of video and photography outside the school		
I consent to photographs and video recordings of my child being used on school/Trust websites. For example, the main school/Trust website pages, celebration/news blogs, and achievement features.	Yes	No
I consent to photographs and video recordings of my child being used in external media. For example, digital and printed media, including local, regional, or national news (newspapers, news websites, radio/TV), and school/Trust social media (e.g., Facebook, X, TikTok, Instagram and LinkedIn).	Yes	No

I consent to photographs and video recordings of my child being used for promotional materials for the school/Trust. For example, digital and printed media (posters, marketing displays, prospectuses/brochures) and school/Trust reports. This also includes photos made available for parents/carers or families to purchase.	Yes	No

Parent/carer declaration

I confirm that I wish to update the photography and video preferences for my child as indicated above. I understand the school will take all reasonable steps to respect these preferences.
