1. Introduction

1.1. The main purpose of the Behaviour Policy is to ensure that all children are safe and that academies create a culture where everyone is supported to have positive behaviour. All children should be able to learn in environments that are calm, safe and supportive and are free from disruption. All OAT academies are committed to inclusivity and implementing strategies that reduce bias and support individual children's needs. Where 'parent' is used in this policy this should be taken to include guardian or carer.

1.2. Excellent behaviour is achieved through a positive and consistent academy culture, underpinned by a commitment to OAT's four values:

- Anyone can excel
- Enjoy the challenge
- Share what is best
- Be inclusive

1.3. These are further reflected through 'Achieving together through personalized learning where every second counts' and the academy's vision and values:

Vision:

- Irresistible Learning
- Independent decision makers
- A total learning environment
- Aspiration for all
- Safe valued and listened to
- A presence beyond school within the wider community
- Positive relationships

Values:

- Children at the heart of all decisions
- A holistic approach
- Dignity, courtesy and respect
- Mistakes are okay
- Continuously learning

- Achieving together
- Mutual support
- Honesty
- An all-inclusive, can-do approach

1.4. Behaviour Principles

- 1.5. Supporting children to manage their behaviour ensures a calm and safe learning environment for all. This includes:
- Providing additional support, including reasonable adjustments for special educational needs and disability (SEND), to children who find it difficult to maintain positive behaviours
 - Building positive relationships with children and families to understand their needs and contexts
 - Ensuring that everyone treats one another with dignity, kindness, and respect
 - Having high expectations of children’s conduct and behaviour and protecting children from disruption to teaching, learning or academy routines
 - Ensuring that these expectations are understood and applied fairly and consistently by all
 - Supporting children to develop and maintain good behaviour by teaching them what this means
 - Having clear systems and routines in place both in the classroom and around the academy
- 1.6. All members of the academy community are responsible for creating positive, safe environments in which:
- Bullying, physical threats or abuse and intimidation are not tolerated
 - Children are safe, feel safe and everyone is treated respectfully
 - Any incidents of bullying, including cyber bullying, prejudice-based and discriminatory bullying, derogatory language (including name calling), harassment, violence and aggression are dealt with quickly and effectively

2. Legislation, statutory requirements and statutory guidance

- 2.1. This policy is based on legislation and advice from the Department for Education (DfE) on:
- [Behaviour in schools: advice for headteachers and school staff 2022](#)
 - [Searching, screening and confiscation: advice for schools 2022](#)
 - [The Equality Act 2010](#)
 - [Keeping Children Safe in Education](#)
 - [Working Together to Safeguard Children 2018 \(publishing.service.gov.uk\)](#)
 - [Suspension and permanent exclusion from maintained schools, academies, and pupil referral units in England, including pupil movement](#)
 - [Use of reasonable force in schools](#)
 - [Supporting pupils with medical conditions at school](#)
 - [Mental health and behaviour in schools](#)

- [Special Educational Needs and Disability \(SEND\) Code of Practice.](#)
- [Relationships and sex education \(RSE\) and health education](#)

4. Leadership and management

4.1. Trustees and governors

4.1.1. Trustees are responsible for monitoring the effectiveness of the Behaviour Policy across the trust.

4.1.2. Trustees will:

- hold the Executive Team to account for the successful implementation of the policy, including ensuring that there is no discipline disparity between any groups of children, especially those with protected characteristics

4.1.3. The local governing body in each academy is responsible for monitoring the effectiveness of the Behaviour Policy in the academy

4.1.4. Governors will:

- hold the principal to account for the successful implementation of the policy, including ensuring that there is no discipline disparity between any groups of children, especially those with protected characteristics

4.2. Principal

4.2.1. The principal is responsible for setting and maintaining the behaviour culture of the academy and ensuring that all staff and children feel safe and supported.

4.2.2. The principal will:

- ensure that the academy has high expectations of children’s conduct and behaviour, ensuring clear routines and rules, and that this is understood and applied consistently and fairly by all staff
- aim to prevent all forms of bullying, including cyberbullying, prejudice-based and discriminatory bullying, harassment, violence and aggression
- together with the leadership team, be highly visible in the academy to engage with children, staff and parents and promote high standards of behaviour
- ensure that all staff are successfully inducted into the academy’s behaviour culture and systems, and will make sure that all staff receive regular high-quality training on behaviour guidance, routines and strategies
- ensure all staff act as positive role models for behaviour with high standards of personal and professional conduct
- ensure that safeguarding and child protection concerns are identified effectively, and children are offered support rather than sanctions when appropriate
- ensure parents are aware of the academy’s expectations and wherever possible, partner with them to understand and support any behavioural issues
- regularly seek ‘children’s voice’ to understand the views and experiences of behaviour in the academy
- regularly review behaviour data and take any necessary steps to eliminate discrimination, reduce bias and ensure compliance with equality law
- ensure the behaviour curriculum, including expectations, routines and rules are explicitly taught to children, and understood by all
- Ensure children receive education on positive healthy relationships in all contexts, including online and offline relationships, so they can identify prejudice, discrimination and bullying

4.3. Teachers

4.3.1. Teachers are responsible for managing behaviour effectively to ensure a calm and safe learning environment for all children¹

4.3.2. Teachers will:

- consider first whether a child’s behaviour may be due to a safeguarding or child protection concern or an unmet need (e.g., unidentified or identified SEND, a mental health or other contextual factors) and adapt approaches accordingly
- have clear rules and routines for behaviour in classrooms, and take responsibility for promoting good and courteous behaviour both in classrooms and around the school, in accordance with the behaviour policy and agreed teaching and learning routines
- have high expectations of behaviour, and establish a framework for discipline with a range of strategies, using praise, sanctions and rewards consistently and fairly

¹ DfE Teachers’ Standards: see Teacher Standard 7 (<https://www.gov.uk/government/publications/teachers-standards>)

- manage classes effectively, using approaches which are appropriate to children's' needs to involve and motivate them

4.4. All staff

4.4.1. All staff are responsible for implementing measures in the behaviour policy to secure excellent standards of behaviour

4.4.2. All staff will:

- model and maintain positive relationships with children, so that they can see examples of good behaviours and feel confident to ask for help when needed
- uphold the whole academy approach to behaviour by modelling and teaching routines, values and standards in every interaction²
- address misbehaviour swiftly and act decisively when behaviour, including the use of discriminatory language, falls below the expected standards

4.5. Children

4.5.1. Children are responsible for following the behaviour policy and upholding the academy rules. Most children will understand the behaviour expectations of the academy and meet these standards with little support. However, some children will need significant and on-going support.

4.5.2. Children will:

- be made aware of the academy's behaviour standards, expectations, rewards and sanctions
- receive an age-appropriate induction process, including those who are admitted mid-year, that familiarises them with the academy's behaviour culture, rules and routines
- receive regular and explicit teaching of behaviour expectations throughout the academic year
- be educated about healthy relationships in all contexts, both online and offline, and to understand their rights and responsibilities regarding their behaviour
- be made aware of the pastoral support that is available to them to help them meet the behavioural standards
- be asked about their experiences of the behaviour culture to support the evaluation, improvement and implementation of the behaviour policy

4.6. Parents

4.6.1. Parents are responsible for working in partnership with the academy to support and reinforce the behaviour policy.

² See part 2 of the Teachers' Standards which outlines the high standards of personal and professional conduct expected of teachers

4.6.2. Parents will:

- promote a positive culture of behaviour and celebrate their child's successes and achievements
- get to know the academy's behaviour policy and reinforce the ethos and values of the policy with their child when necessary
- support their child in adhering to the academy's behaviour policy
- inform the academy of any changes in circumstances that may affect their child's behaviour
- discuss any behavioural concerns with relevant staff promptly [insert main point of contact in academy]
- take part in any pastoral work following misbehaviour (for example: attending reintegration meetings or reviews of specific behaviour interventions)
- raise any concerns about the management of behaviour with the academy directly [insert main point of contact in academy]

5. Behaviour Curriculum

5.1. All OAT academies want children to feel confident and curious and to behave compassionately to those around them. These qualities should be nurtured and modelled by all staff. Staff can reinforce the behaviour curriculum in every interaction they have with children by:

- Modelling what positive relationships look like, in their interactions with all members of the academy community
- Acknowledging and praising behaviour that meets the expected standard
- Giving children clear reminders about what the consequences of their actions will be if they don't meet behavioural expectations
- Being clear and consistent in the use of sanctions

5.2. Children will also be taught explicitly and regularly about behaviour through both whole class and individual approaches as appropriate to the age at age of the pupil and through the SEWB curriculum

5.3. Any children who join mid-term will be given information about the academy behaviour system as appropriate for their age and stage of development and their understanding of this will be monitored by their pastoral teacher and department lead.

6. Behaviour Expectations

6.1. At Thomas Wolsey Ormiston Academy pupils are expected, as their understanding allows to:

- Be kind to and take care of, themselves, one another and the families and staff that care for them
- Be respectful towards all members of the school community, visitors and people we meet when on visits
- Try their best and show a positive attitude towards all learning

- Keep themselves and others safe
- Take care of and show respect for the school environment and the wider Environment

7. Safeguarding

- 7.1. The academy recognises that changes in behaviour may be an indicator that a child is in need of help or protection. All staff should maintain professional curiosity and proactively consider whether a child's behaviour, including misbehaviour, may be linked to them suffering, or being likely to suffer, significant harm.
- 7.2. Any safeguarding or child protection concerns must be reported to the Designated Safeguarding Lead (DSL) immediately, using CPOMS. The DSL, after liaising with appropriate staff or other agencies, will determine whether early help intervention or a referral to children's social care is appropriate.

8. Behaviour expectations and SEND

- 8.1. Some children who frequently display challenging behaviour may lack the ability to self-regulate because of a SEND or mental health issue. Perceived 'misbehaviour' may also be a sign that they are unable to access the work that has been set.
- 8.2. While it should not be assumed that every incident of misbehaviour will be connected to their SEND, all staff should consider behaviour in relation to a child's SEND in the first instance. Consideration should be given as to whether children's needs are being adequately met and whether they can effectively access the curriculum.
- 8.3. Children learn best to manage their self-control, behaviour and learning when they feel well supported by staff who are caring, understanding, curious and consistent. Staff will try to anticipate triggers of misbehaviour and put in place preventative measures to reduce the likelihood of a behaviour incident.
- 8.4. Staff will be supported in this by the academy's leadership team, and behaviour lead and will have reference to OAT's latest SEND policy and the DfE's Mental Health and Behaviour in Schools guidance³ [Mental health and behaviour in schools - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/602223/Mental_health_and_behaviour_in_schools_-_GOV.UK_(www.gov.uk).pdf)
- 8.5. In line with the Equality Act 2010⁴ and the Children and Families Act 2014⁵, the academy will:
- Take such steps as is reasonable to avoid any substantial disadvantage to a disabled child and,
 - use their 'best endeavours' to meet the needs of those with SEND (including children who have unidentified SEND)

³ See chapter 3 – understanding the link between mental health and behaviour

⁴ Section 20 of the Equality Act 2010

⁵ Section 66 of the Children and Families Act 2014

8.6 At Thomas Wolsey Ormiston Academy, we will make reasonable adjustments for behaviour according to individual needs. These adjustments will be different for each individual and details of these will be found on individual positive behaviour support plans.

8.7 Children who have an identified SEND will be supported with their behaviour through the graduated approach of assess, plan, do, review⁶. Where a child continues to experience difficulties, despite evidence-based support and interventions, the academy may involve the following specialists:

- Ed Psych
- LD CAMHS
- LD Behaviour support team
- Therapy team
- Music therapist
- Specialist teachers for sensory impairments
- Pediatrician and specialist nurses

8.8 The leadership team, academy staff, together with any specialists, and involving the child's parents, will consider a range of evidence and effective teaching approaches, appropriate equipment, strategies, and interventions to support the child's progress. Outcomes to be achieved through the support will be agreed, including a date by which progress will be reviewed.

8.9 The academy must adhere to the provisions set out in the EHCPs that all children in the academy have, or are in the process of being awarded and must cooperate with the local authority and other relevant bodies in accordance with the plan.

9 Responding to Positive Behaviour

9.6 Children learn best when they feel safe. This can be achieved by having clear expectations and routines, consistently applied with reasonable adjustments if appropriate. All staff will aim to create a positive and supportive environment in the classroom and around the academy using positive language and relationships based on dignity and respect. This helps children to engage in and make good progress with their learning and can promote staff and child health and wellbeing.

9.7 The academy recognises that acknowledging positive behaviour encourages further positive behaviour. Communicating positive behaviours to parents can also be an effective way to motivate children to behave well.

9.8 When a child's behaviour meets or goes above the expected behaviour standard, staff will recognise this through positive recognition, rewards, and celebrations. This will include recognising the progress of children who require additional support with their behaviour.

⁶ See chapter 6 of the SEND Code of practice: 0-25 years

9.9 The academy will demonstrate a fair and clear application of rewards to reinforce the routines, expectations, and norms of the academy's behaviour culture.

These are:

- Verbal praise
- Communicating praise to parents via a phone call or written correspondence
- Certificates, star of the week (primary) or secondary award (secondary)
- Positions of responsibility, such as helper of the week, or being entrusted with a particular decision or project
- Individual rewards as indicated on pupil's positive behaviour support plan

10 Responding to behaviour that is below the expected standard

10.6 Responses to unwelcome behaviour will always be made with the aim of helping children to make better decisions and choices in the same or similar contexts in the future. For most children, a gentle reminder or nudge in the right direction is all that is needed. However, for some children, more supportive measures and interventions will be required.

10.7 When a child's behaviour falls below the standard that can reasonably be expected of them, staff will respond to restore a calm and safe learning environment. All staff should deal with poor behaviour without delegating either the task or the accountability. The person best placed to manage the behaviour of a child is the class teacher or the member of staff who was there at the time.

10.8 Staff will endeavour to create a predictable environment by always responding to behaviour that falls short of the standards in a consistent, fair, and proportionate manner, so children know with certainty that misbehaviour will always be addressed.

10.9 When managing behaviour, staff should also consider the possible impacts of trauma, using the "connect before you correct" approach, by looking beyond the challenging behaviour displayed and questioning what feelings and emotions might be driving the behaviour.

11 Low level disruptions

11.6 Low level disruptions are behaviours which are not directly confrontational or challenging, but which nevertheless disrupt the teaching and learning environment. If allowed to continue, the concentration and learning of other children can be badly affected. Staff will always consider whether low level disruptions are because of a safeguarding concern, an identified or unidentified SEND or mental health need.

11.7 To stop any low-level disruptions escalating to more serious behaviour breaches, staff will intervene quickly and calmly using the de-escalation techniques as detailed on the child's individual positive behaviour support plan.

11.8 The academy uses the Norfolk Steps approach to positive behaviour support which focuses on planning for positive behaviour and early de-escalation. It also draws on trauma informed and attachment aware practice, an understanding of adverse childhood experiences (ACEs) and how these may impact on behaviour and restorative communication.

12 Sanctions

12.6 Where misbehaviour continues or there is a serious breach of the academy's behaviour expectations, the academy may use a sanction. When taking this disciplinary action, the academy will consider the following:

- That any contributory factors have been identified and considered e.g., if a child has suffered bereavement, abuse or neglect, has mental health needs, is subject to bullying, has identified or unidentified SEND, is subject to criminal exploitation, or is experiencing significant challenges at home
- Whether the misbehaviour gives cause to suspect that a child is suffering, or is likely to suffer, harm. If this is the case, staff will follow the OAT Child Protection & Safeguarding policy and speak to the DSL or deputy at the earliest opportunity

12.7 Staff will try de-escalation techniques to avoid the use of sanctions wherever possible. However, staff can sanction children whose behaviour falls below the standard which could reasonably be expected of them. Staff can issue sanctions any time children are in the academy or elsewhere under the charge of a member of staff, including on academy trips.

12.8 Sanctions must be reasonable and proportionate and consider any special circumstances. Staff should avoid moving to sanctions too rapidly and, wherever possible, should implement the 'support pre-sanction' steps calmly and with care, allowing 'take up time' between each aspect of support given.

12.9 Following any sanction, the academy will support the child to reflect on and understand their behaviour. This could be a short 'check-in' conversation or a longer more restorative meeting, depending on the individual circumstances. At the same time, staff will work together to understand a child's context as this will inform effective responses to more complex behaviours.

12.10 The academy will plan and use age/developmentally appropriate strategies and interventions to support a child, without lowering expectations for any child's behaviour.

12.11 Sanctions take two forms at Thomas Wolsey Ormiston Academy:

- Protective consequences- immediate action to prevent harm to an individual or others
- Learning consequences- a consequence clearly linked to incident of challenging behaviour which focuses on learning from the incident. Learning consequences need to be appropriate for the age and stage of the learner.

12.12 The sanctions the academy uses together with pre-and post-support vary in accordance with the age and stage of each learner and must take account of the child's SEND. Many children at the academy have complex SEND which may impact on, e.g.

- Their social and emotional development
- Their ability to integrate sensory information in their environment
- Their levels of cognition and understanding
- Their ability to retain or recall information
- Their executive functioning skills

12.13 As a result of the complex SEND that the children at the academy have, it is not possible to have a standardized set of sanctions. Typically a 'sanction' at the academy consists of providing an alternative learning activity which allows the child to refocus and/or calm and provides them time to reflect on their actions with a member of staff.

Removal from classroom.

Removal from classroom is a serious disciplinary sanction and will only be used once other behavioural strategies have been attempted unless the behaviour is so extreme as to warrant immediate removal.

Removal from classroom as a sanction does not include circumstances in which a child is asked to step outside the classroom briefly for a conversation with a member of staff and asked to return following this. It also does not include the use of sensory or movement breaks away from the classroom, emotional regulation breaks or timetabled individualised sessions for planned intervention or therapeutic work to support with behaviour.

If a child is removed from class in circumstances other than the above the academy will inform parents the same day via phone call or email. If a child has a social worker, including if they have a Child in Need plan, a Child Protection plan or are looked-after, the academy will notify the social worker or Virtual School Head of the removal taking place. If a child is looked after, their Personal Education Plans will be reviewed and amended to include behaviour support and intervention considering the reasons for removal from class.

The behaviours that may lead to removal from class include the following (note this list is not exhaustive):

- Physical harm to other pupils, staff or themselves
- Verbal or vocal behaviour that challenges to an extent that other pupils are threatened or unable to learn

Children who are removed from class will be placed with a member of the leadership team where their education will be continued and time will be allowed to enable them to regain calm in a safe space.

Children will remain in removal for no longer than is necessary. For most children this will be a maximum of the current session. However, there may be exceptional circumstances, which must be agreed by the co-principals and communicated to the parents and the child in a timely manner, where children remain in removal for more extended periods. All children in removal will receive regular breaks, including movement breaks and

food/drink breaks and opportunities to visit the toilet. Staff will be made aware of any medical needs and ensure any health care plans are fully implemented.

Staff will record all incidents of removal from the classroom along with details of the incident that led to removal, and any protected characteristics of the child on CPOMS.

The academy will collect, monitor and analyse this data to examine repeat patterns and the effectiveness of the use of removal. This information will be used to provide timely intervention and support to children. This may include a pastoral review and/or investigation by the DSL and/or leadership team. Parents will be informed of the outcome of any investigations. In addition, the academy will provide any necessary support to departments or staff.

This data and the impact of interventions to support behaviour is reviewed at the academy's Strategic Progress Boards and at Local Governing Body meetings.

The completion of OAT's 'Vulnerable child pre-exclusion checklist' should be considered for children who are frequently removed from class. Use of the checklist can help identify areas where a child needs further support to stop behaviours escalating to the point where suspensions and permanent exclusions are used. Additional advice and support for behaviour can also be accessed via OAT's Inclusion Team.

Suspension and permanent exclusion

Suspensions will be used as a last resort. However, it is acknowledged that they are sometimes necessary to ensure a calm and safe environment for all children and staff. The Co-Principals can use suspension or permanent exclusion in response to serious incidents or in response to persistent poor behaviour which has not improved following extensive support and intervention. In deciding whether to issue a suspension or permanent exclusion the academy will have reference to OAT's Suspension and Exclusion policy and legislation that governs the suspension and permanent exclusion of children (The School Discipline (Pupil Exclusions and Reviews) (England) Regulations 2012).

In considering suspension or exclusion the principal should ensure that, as far is appropriate, the academy's 'Vulnerable child pre-exclusion checklist' has been considered. This will guide principals in their review of support and intervention strategies in response to misbehaviour.

Where the child has an identified special education need or disability and is receiving support at the level of School Support (SEND register) principals should ensure the relevant Education Director has been contacted for consultation before a decision to permanently exclude has been made. If the child has a Child protection or Child in Need Plan or is a Looked after Child, principals are encouraged to consult with their Education Director before a decision to permanently exclude has been made.

Where the child has an Education, Health and Care Plan (EHCP), the Director of Inclusion, must have been contacted for consultation before a decision to permanently exclude has been made.

Should a permanent exclusion is overturned by a governing board or independent review panel, the academy will follow OAT's Reintegration Strategy (see Appendix 1) to provide the child with support and a fresh start so they can reintegrate successfully back into academy life. As outlined in the Reintegration Strategy, children should not receive further sanctions following a suspension. However, they may receive additional behaviour support and intervention as part of their agreed plan.

The aim of the reintegration strategy is for the child to:

- Feel well supported to be able to succeed
- Understand the impact of their behaviour on themselves and others
- Meet the high expectations of behaviour in line with the academy's culture
- Foster a renewed sense of belonging within the academy community
- Build engagement with learning

The strategy includes meeting with the child, parents, academy staff and any relevant agencies and agreeing a plan with personalised targets. The plan will also include:

- Reasons for the child's behaviour that led to the sanction
- Support that will be offered by the academy
- Signposting or referral to support available outside of the academy
- SEND support, as appropriate

The academy will always communicate the importance of both the child and their parents attending the meeting. However, where parents do not attend, the academy will not:

- Refuse to let the child return to the academy
- Extend the sanction within the academy e.g. internal isolation, or extend a suspension or off-site period if the academy cannot arrange a meeting time

If parents don't attend, the academy will provide them with a copy of the meeting notes and reintegration plan, as well as details of how they can access any support (for example, Early Help or counselling services).

13 Alternatives to suspension and Permanent Exclusion

13.6 Part Time Timetables

13.6.1 A part time or reduced timetable should not be used to manage a child's behaviour. In exceptional circumstances, where it is in the child's best interests, there may be a need for a temporary part time timetable to meet individual needs. For example, where a medical condition prevents a child from attending full time education and a part-time timetable is considered as part of a re-integration package. Medical needs may include significant mental health needs such as severe anxiety, eating disorders, post-traumatic stress disorder (PTSD) and severe depression or other mood disorders. Wherever possible, medical evidence should support the use of part time timetables. However, where this is not possible, e.g. while waiting for referral to CAMHs, this should not prevent the use of a part time timetable if the academy and parents agree it is in the best interests of the child.

13.6.2 A part-time timetable must not be treated as a long-term solution. All part time timetables should be reviewed at least every two weeks. Any agreement must have a time limit by which point the child is expected to attend full-time or be provided with alternative provision. A maximum of six weeks of reduced or part-time timetable is advised unless there is medical evidence to warrant an extension.

- 13.6.3 The academy will ensure that the DSL has been consulted, a risk assessment carried out and suitable robust arrangements are in place to ensure the ongoing safeguarding of any child on a part time timetable.
- 13.6.4 Due to the exceptional nature of part time timetables, guidance on their use should be sought from the academy's Education Director or from OAT's Inclusion Team. Data on the use of part time timetables is reviewed at the academy's Strategic Progress Boards and at Local Governing Body meetings.

14 Adapting sanctions for children with SEND

- 14.6 When considering a behavioural sanction for a child with SEND, the academy will consider:
- Whether the child was unable to understand the rule or instruction
 - Whether the child was unable to act differently at the time because of their SEND
 - Whether the child is likely to behave aggressively due to their SEND
- 14.7 If the answer to any of these questions is yes, the academy must ensure that reasonable adjustments to the behaviour policy have been put in place to support the child fully.
- 14.8 Any adaptations to sanctions because of a child's SEND will be recorded on their SEND profile and clearly communicated to staff, parents and child.
- 14.9 If a sanction is applied to a child with SEND but their behaviour continues to fall short of academy expectations, a review of the child's needs and current support should be undertaken as a next step, rather than giving them an immediate further sanction or increase to the level of sanction.
- 14.10 If required, further advice and guidance will be sought from the academy's senior leadership team.

15 Reasonable force

- 15.6 What is reasonable force?
- The term 'reasonable force' covers the broad range of actions used by most teachers at some point in their career that involve a degree of physical contact with children.
 - Force is usually used either to control or restrain. This can range from guiding a child to safety by the arm through to more extreme circumstances such as breaking up a fight or where a child needs to be restrained to prevent violence or injury.
 - 'Reasonable in the circumstances' means using no more force than is needed.
 - As mentioned above, schools generally use force to control children and to restrain them. Control means either passive physical contact, such as standing between children or blocking a child's path, or active physical contact such as leading a child by the arm out of a classroom.

- Restraint means to hold back physically or to bring a child under control. It is typically used in more extreme circumstances, for example when two children are fighting and refuse to separate without physical intervention.
- Academy staff should always try to avoid acting in a way that might cause injury, but in extreme cases it may not always be possible to avoid injuring the child.

15.7 Who can use reasonable force?

- All members of academy staff have a legal power to use reasonable force.
- This power applies to any member of staff at the academy. It can also apply to people whom the Co-Principal has temporarily put in charge of children such as unpaid volunteers or parents accompanying children on an academy organised visit.

15.8 When can reasonable force be used?

- Reasonable force can be used to prevent children from hurting themselves or others, from damaging property, or from causing disorder.
- In a school, force is used for two main purposes – to control children or to restrain them.
- The decision on whether or not to physically intervene is down to the professional judgement of the staff member concerned and should always depend on the individual circumstances.
- The following list is not exhaustive but provides some examples of situations where reasonable force can and cannot be used.

15.9 Academies can use reasonable force to:

- remove disruptive children from the classroom where they have refused to follow an instruction to do so;
- prevent a child behaving in a way that disrupts an academy event or an academy trip or visit;
- prevent a child leaving the classroom where allowing the child to leave would risk their safety or lead to behaviour that disrupts the behaviour of others;
- prevent a child from attacking a member of staff or another child, or to stop a fight in the playground; and
- restrain a child at risk of harming themselves through physical outbursts.

15.10 Academies cannot:

- use force as a punishment – it is always unlawful to use force as a punishment.

15.11 All use of reasonable force must be recorded and reported to parents (see 19.2)

15.12 When considering using reasonable force, staff should, in considering the risks, carefully recognise any specific vulnerabilities of the child, including SEND, mental health needs or medical conditions.

- 15.13 Wherever possible positive handling/use of reasonable force will be carried out by trained staff who are competent in the use of a recognised behaviour management system (e.g. Team Teach).
- 15.14 Further information and guidance on the use of reasonable force can be found in the DFE publication <https://www.gov.uk/government/publications/use-of-reasonable-force-in-schools>

16 Restraint / Positive handling plans

- 16.6 Where a child's behaviour could present a significant risk of injury to themselves, other people, or property the academy will complete a risk assessment and determine if an individual child requires a positive handling plan to be put in place.
- 16.7 These plans will be developed in the child's best interests and agreed by staff, parents and the child concerned wherever possible. They will be reviewed at least termly or when the needs of the child change.
- 16.8 The plan will document situations that may trigger challenging behaviour and any successful preventative strategies. The plan will also document how physical intervention should be used appropriately.

17 Recording, reporting and responding to incidents of restraint/positive handling/use of reasonable force

- 17.6 All incidents of positive handling/restraint must be notified to the safeguarding team using the 'Restraint Notification Form' on OAT.net. In addition, the 'Restraint Record Form' must be completed on OAT.net and also uploaded onto CPOMs into the child's record. This must be completed as soon as is practicable, and within 24 hours of an incident taking place, by all those involved.
- 17.7 Parents will be informed on the same day as the incident and invited into the academy to discuss the incident as soon as practicable.
- 17.8 A written review of the incident must be conducted by the principal and DSL and recorded on CPOMs within 5 working days and any positive handling plan updated as appropriate.

18 Behaviour outside of academy premises

- 18.6 The academy can sanction children for misbehaviour outside of the academy premises to such an extent as is reasonable. Conduct outside the academy premises, including online conduct, that might result in a sanction includes misbehaviour:
- when taking part in any academy-organised or academy-related activity
 - when travelling to or from the academy

- when wearing academy uniform
 - when in some other way identifiable as a child at the school
 - that could have repercussions for the orderly and safe running of the academy
 - that poses a threat to another child
 - that could adversely affect the reputation of the academy
- 18.7 The decision to sanction a child will be lawful if it is made on the academy premises or elsewhere at a time when the child is under the control or charge of a member of staff of the academy.
- 18.8 When non-criminal poor behaviour and bullying occurs off the academy premises or online and is witnessed by a staff member or reported to the academy, the academy will:
- gather information and evidence
 - take witness statements including from the alleged perpetrator
 - inform parents of the incident
 - inform any relevant services/agencies e.g. children's services
- 18.9 Following confirmed misbehaviour outside of academy premises, the academy may impose the following sanctions:

19 Searching, screening and confiscation

- 19.6 Searching, screening and confiscation will be conducted in line with the DfE's [latest guidance on searching, screening and confiscation](#) and OAT's Searching, Screening and Confiscation Policy.
- 19.7 The Co-Principals and the staff they authorise have a statutory power to search a child or their possessions where they have reasonable grounds to suspect that the child may have a banned item.
- 19.8 These banned items are:
- knives and weapons
 - alcohol
 - illegal drugs
 - stolen items
 - any article that the member of staff reasonably suspects has been, or is likely to be used
 - to commit an offence, or
 - to cause personal injury to, or damage to property of; any person (including the child).
 - tobacco and cigarette papers
 - e-cigarettes or vapes
 - fireworks
 - pornographic images
 - weapons

19.9 As long as it is reasonable in the circumstances, academy staff are permitted by law to take temporary possession of any suspected illegal substance or prohibited item.

20 Suspected criminal behaviour

20.6 If a child is suspected of criminal behaviour, the academy will make an initial assessment of whether to report the incident to the police.

20.7 When establishing the facts, the academy will endeavour to preserve any relevant evidence to hand over to the police.

20.8 If a decision is made to report the matter to the police, the Co-Principals, DSL and other members of the senior leadership team will make the report.

20.9 The academy will not interfere with any police action taken. However, the academy may continue to follow its own investigation procedure and enforce sanctions, as long as it does not conflict with police action.

20.10 If a report to the police is made, the DSL will make a tandem report to children's social care, if appropriate. All investigations, decisions, actions and rationale behind decisions and actions must be recorded on CPOMs.

21 Child on child abuse sexual violence and sexual harassment

21.6 Sexual violence and sexual harassment are never acceptable, will not be tolerated and children whose behaviour falls below expectations will be sanctioned.

21.7 The academy will never normalise sexually abusive language or behaviour by treating it as 'banter', an inevitable fact of life or an expected part of growing up. All staff must challenge all inappropriate language and behaviour between children and ensure respectful relationships and high standards of conduct between staff and children at all times.

21.8 Following any report of child-on-child sexual violence or sexual harassment offline or online, the academy will follow the safeguarding principles set out in [Keeping children safe in education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/362822/Keeping_children_safe_in_education_-_GOV.UK.pdf) (KCSIE) - especially Part 5. The designated safeguarding lead (or deputy) will advise on the academy's initial response. Each incident will be considered on a case-by-case basis and sanctions may be applied whilst other investigations by the police and/or children's social care are ongoing.

21.9 All victims will be reassured they will be supported, kept safe, and are being taken seriously, regardless of how long it has taken them to come forward. Abuse that occurs online or outside of the academy will not be downplayed and will be treated equally seriously. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor will a victim ever be made to feel ashamed for making a report or their experience minimized.

22 Behaviour incidents online

- 22.6 The academy expects the same standards of behaviour online as offline: everyone should be treated with kindness, respect and dignity. Inappropriate online behaviour including bullying, the use of inappropriate language, the soliciting and sharing of nude or semi-nude images and videos and sexual harassment will be addressed in accordance with the same principles as offline behaviour.
- 22.7 When an incident involves nude or semi-nude images and/or videos, staff should refer the incident to the DSL (or deputy).

23 Malicious allegations

- 23.6 Where a child makes an allegation against a member of staff and that allegation is shown to have been deliberately invented or malicious, the academy will consider whether to discipline the child in accordance with this policy.
- 23.7 Where a child makes an allegation of sexual violence or sexual harassment against another child and that allegation is shown to have been deliberately invented or malicious, the academy will consider whether to discipline the child in accordance with this policy.
- 23.8 In all cases where an allegation is determined to be unsubstantiated, unfounded, false or malicious, the academy (in collaboration with the local authority designated officer (LADO) and OAT's safeguarding team, where relevant) will consider whether the child who made the allegation is in need of help. If so, a referral to children's social care may be appropriate.
- 23.9 The academy will also consider the pastoral needs of staff and children accused of misconduct.
- 23.10 Further guidance on responding to allegations of abuse against staff can be found in [here](#)

24 Mobile phones

- 24.6 At Thomas Wolsey Ormiston Academy mobile phone use by pupils is restricted and any pupils bringing a mobile device into school should keep it in their bag or other safe place as agreed with their pastoral teacher and/or department lead.
- 24.7 In exceptional circumstances, and to support individual children, a child may be permitted by the co-principal to use their mobile phone during the school day as a reasonable adjustment. The terms and conditions around its use will be decided on an individual basis and a signed agreement made in accordance with the pupil and parents which will be recorded on CPOMs. See appendix 2.
- 24.8 Where relevant, children in the academy will be informed about the potential reasons for exceptional use should and when the need arise.

25 Transition

25.6 Inducting incoming children

25.6.1 The academy will support incoming children to meet behaviour standards by providing an age-appropriate induction process to familiarise them with the behaviour policy and the wider school culture. This will include any children who start at the academy mid-year.

25.7 Preparing outgoing children for transition

25.7.1 To ensure a smooth transition to the next year pupils will have transition sessions or days with their new teacher and class team. When pupils are moving to a new setting transition sessions at new settings will be organised and transition meetings will be held between the school and new setting.

25.7.2 To ensure behaviour is continually monitored and the right support is in place, information related to the behaviour issues of any child will be transferred to relevant staff at the start of the term or year.

26 Staff induction, development and support

26.6 As part of their induction process, staff at Thomas Wolsey Ormiston Academy provided with training on managing behaviour, including training on:

- The Equalities Act and preventing disability discrimination
- Harmful Sexualised Behaviours
- Trauma-informed practice
- Norfolk Steps Steps-On approach to positive behaviour support
- De-escalation techniques
- Restorative communication
- The use of restraint and Step-On techniques as appropriate
- How child protection, safeguarding, SEND and mental health needs impact behaviour

26.7 Behaviour management will also form part of continuing professional development.

27 Monitoring and evaluating academy behaviour

27.6 The academy will collect data on the following:

- Behavioural incidents, including removal from the classroom
- Attendance, permanent exclusion and suspension
- Use of pupil support units, off-site directions and managed moves
- Incidents of searching, screening and confiscation
- Incidents of positive handling/reasonable force
- Anonymous surveys for staff, children, governors, trustees and other stakeholders on their perceptions and experiences of the academy behaviour culture

- 27.7 The data will be analysed every by Amanda Jebb – Behaviour Lead for the academy. Data will be reviewed at the academy’s Strategic Progress Boards and at Local Governing Body Meetings and this analysis will be used to support academies to be proactive in improving children’s behaviour.
- 27.8 The data will be analysed from a variety of perspectives including:
- At academy level
 - By age group
 - At the level of individual members of staff
 - By time of day/week/term
 - By protected characteristic
- 27.9 The academy will use the results of this analysis to make sure it is meeting its duties under the Equality Act 2010. If any trends or disparities between groups of children are identified by this analysis, the academy will review its policies and practice to tackle it.

28 Children’s Voice

- 8.6. Asking children about behaviour in the academy and the implementation of the behaviour policy is a regular feature of the academy’s self-evaluation. The academy commits to listening to the voices of children and, in line with Article 12 of the [United Nations Convention on the Rights of the Child](#) (UNCRC), will provide an opportunity for all children to have a say in matters which affect them and to be involved in decisions that affect them, as far as is appropriate. At Thomas Wolsey Ormiston Academy children’s views will be gathered through school council, class discussions, surveys and any other age and stage appropriate way.
- 28.6 Children’s Voice is also expressed at a trust level through the National Student Voice (NSV) and the Student Inclusion Advisory Board (SIAB), which is a subcommittee of the NSV.

29 Complaints

- 29.6 Complaints regarding any aspects of the Behaviour Policy will be addressed under the OAT Complaints Policy.
- 29.7 Concerns about wrongdoing at OAT academies in relation to the behaviour policy, such as malpractice, mismanagement or breach of health and safety law or any other illegal or unethical act either on the part of management, the Governing Body or be fellow employees should be raised using the Whistleblowing Policy.

Appendix 1 - Ormiston Academy Trust Reintegration Strategy

Please note this Appendix outlines the Trust-wide Reintegration Strategy. This is the process of reintegration following the system of sanctions that are used more widely by the Trust. Whilst Thomas Wolsey Ormiston Academy is not excluded from the use of sanctions, the approach to behaviour management is based primarily on positive behaviour management techniques and requires bespoke approaches to behaviour support which take account of each individual's SEND. Please see Section 12, especially 12.12 and 12.13 for further information.

Reintegration should always follow a sanction. One of the purposes of a sanction is to improve behaviour by supporting children to understand and meet the behaviour expectations of the academy. The reintegration strategy should support the child to reengage as soon as possible in their mainstream education timetable.

The aim of the reintegration strategy is for the child to:

- Feel well supported to be able to succeed
- Understand the impact of their behaviour on themselves and others
- Meet the high expectations of behaviour in line with the academy's culture
- Foster a renewed sense of belonging within the academy community
- Build engagement with learning

Reintegration should occur whenever a sanction has been issued. For low level sanctions this may include:

- a quick restorative conversation with the relevant staff member
- a discussion with the child to explain what they did wrong and the impact of their actions
- a reminder of the behaviour expectations
- communication with parents

To support successful reintegration, there may also be a requirement for a formal recognition of behaviour expectations using a short-term behaviour report card or behaviour contract.

Reintegration following more serious sanctions, off site direction, suspension or rescinded permanent exclusion

The academy will arrange a reintegration meeting following serious sanctions e.g., repeated removal from classroom, off site direction, suspension, or rescinded permanent exclusion. The meeting should always include the child and, wherever possible, parents, academy staff and any relevant agencies to agree a plan with personalised targets. The plan will also include:

- Reasons for the child's behaviour that led to the sanction
- Support that will be offered by the academy
- Signposting or referral to support available outside of the academy, if appropriate
- SEND assessment or support, if appropriate

The academy will always communicate the importance of both the child and their parents attending the meeting. However, where parents do not attend, the academy will not:

- Refuse to let the child return to the academy
- Extend the sanction within the academy by, for example, issuing an internal isolation period, or extending a suspension or off-site period if the academy cannot arrange a meeting time

If parents don't attend, the academy will provide them with a copy of the meeting notes and reintegration plan, as well as details of how they can access any support (for example, Early Help or counselling services).

Guidance on the reintegration meeting

All meetings should reflect individual contexts and consider the needs of the child. The child may not be able or ready to verbalise their feelings around the issues. If this is the case and a child presents as 'shutting down', the following could be considered:

- provide alternative means of communication e.g., writing, drawing
- ask the child if they would prefer to speak to a different adult
- outline clear expectations of behaviour and return to the wider issues at a later time or date

What questions might be asked during a reintegration meeting?

Understanding impact of behaviour on self and others (child)

- Have you reflected on what happened? What are your thoughts
- What were you thinking/feeling at the time?
- How did this make people feel/was anyone affected by your actions? In what way?
- What do you think now?
- What could we/you do to put things right?
- How might we/you do things differently in the future?
- How could you be supported to try to make sure that this doesn't happen again? [process to improve behaviour over time]

Understanding any additional needs of the child

- What do you find hard/tricky? [probe subjects, relationships, times of school day etc]
- What would help you?
- What strategies should you/staff use?
- What is working well?

Understanding the views of the parent/carer

- How are you supporting your child? What works/what is not working?
- What does your child do well? What makes you proud?
- What can we do to help?

Reflections from academy staff / other professionals

- What does the child do well? What works/what is not working?
- What could we offer the child to support improvements in behaviour?

What areas for development for the child might be considered?

Plans for teaching behaviour explicitly

- Practicing rules, routines, and expectations for in class behaviour
- Practicing rules, routines, and expectations for out of class behaviour
- Developing respectful relationships with adults
- Developing calm and positive relationships with children
- Managing strong emotions

Motivation to succeed

- Areas of strength
- Areas of enjoyment
- Rewards
- Short, medium and long term goals

The following templates are examples which could be used to support the reintegration process. They should be adapted to suit the academy's context and the age and needs of the child.
